

YOUR COMPANY BRAND NEEDS TO TURN HEADS. THAT'S WHY WE'RE HERE.

The best copy and photography can still fall flat if your display doesn't grab attention in the 5 seconds attendees walk past. That's why Convention Displays makes it their business to get your brand the attention it deserves. With 20+ years of experience, we understand the design and layout of your exhibit needs. Rather than competing on product prices alone, we help you put together the best package to meet and exceed your goals. With our precision guidance and competitive pricing, we typically save our customers hundreds of dollars while providing a display that stands out from the others.

A BIT MORE ABOUT CONVENTION DISPLAYS CO AND GARY

Based in *Austin, Texas*, Gary has assisted Government, Corporate, Churches, and Small Businesses with portable exhibits and graphics since 1999. Convention displays are more than an added cost to budget in for your conference, trade-show, or event; they're an essential business asset! Tired of Looking Like the Next Trade Show Exhibitor? With 20+ years of experience, Gary knows how to make your brand stand out.

In the current convention environment your concerns should be with portability of your exhibit, shipment savings, in-coming drayage handling and show I&D booth setup costs. Convention trade shows are unique in that it generates results because participants are pre-screened. In addition, 86% of all convention attendees have purchasing influence. Studies show that one in ten trade show attendees pause at your exhibit and notice the message that your company presents. In six seconds attendees will walk past your booth!

Choose artwork images from a photo collection at www.istockphoto.com. Or our graphic design staff can give professional direction. Our goal is to give you an affordable portable exhibit and a positive company-client working relationship for years to come. Request an estimate.

Convention Displays is open **9am to 6pm CST, Monday through Friday** and on an appointment basis on Saturdays. We want to discuss your needs first. Afterwards, we would be pleased to submit a detailed Bid Estimate of your project.

Our final goal is to change that ratio into your favor. Relax and be ready at show time.

Gary Ruley - Owner
